A LETTER FROM MAYOR JENNIFER CARROLL

Farewell and Thank You

Eight years ago, Erie voters took a chance on me, a 20-something with no formal training or experience in politics. I will forever be grateful for the opportunity to serve and I hope that residents share my optimism for what we accomplished and the direction Erie is heading. Our extraordinary community keeps raising the bar as the very best place in Colorado to call home.

Reflecting on the last eight years, I am proud to have participated in so many defining moments in Erie's story, including:

- Supporting the flourishing of Downtown Erie and commercial growth on Highway 7.
- Growing our recurring revenue tax base substantially, including two King Soopers and a Lowe's.
- Leaving Erie in the strongest financial position in our history.
- Investing in the growth of our world-class portfolio of open space and parks.
- Expanding road capacity at our borders.
- Increasing transparency and communication avenues to residents.
- Expanding our health safeguards towards oil and gas operations.
- Envisioning the forward-looking plan for expERIENCE Town Center.
- Launching sustainability initiatives throughout our community.

As I hand off the gavel to the next Mayor of Erie this coming April, I do so more enthusiastic about the future than when I first took my oath. A few highlights I look forward to are:

- Connecting at the new, ExpERIENCE Town Center, ~400 acres in the center of Erie, mindfully designed to uphold Erie's rich history.
- Seeing our community continue to embrace and champion sustainability.
- Enjoying future additions and enhancements to our world-class portfolio of open space and parks.
- Our community becoming even more welcoming as our focus on diversity, equity, and inclusion initiatives progress.
- Our Town staff continuing to deliver exceptional value and embody the values of our town.

I cannot thank you enough for providing me the privilege to serve.

With gratitude and humility,

A handwritten signature of Jennifer Carroll in black ink.
